## SUMMARY

Skilled web developer with impressive experience in building and maintaining scalable web applications. Proficient in React.js, Redux, React Router, and Context API, I ensure code quality and performance optimization. With a strong background in the MERN stack (MongoDB, Express.js, Node.js), I excel in both team and independent projects. I stay updated with industry trends to deliver cutting-edge solutions and have developed and deployed over 20 websites.

## WORK EXPERIENCE

**Software Developer Intern** - Numetry Technologies

Jan 2024 - Present

As a Software Developer Intern at Numetry Technologies, you develop and maintain web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Responsibilities include designing responsive UIs with React, building APIs with Node.js and Express, and managing MongoDB data. You collaborate in an Agile environment, participate in code reviews, and enhance development processes, gaining hands-on full-stack experience on real-world projects.

## PROJECTS

**Super School website at Numetry Technologies (Live Project)**

[Link to Demo](#)

Developed a visually appealing and intuitive website for Super School using React and Bootstrap, ensuring responsiveness across devices. Collaborated in an Agile environment, actively participating in code reviews and discussions to optimize development processes and project quality.

**Resume Builder using React**

[Link to Demo](#)

Developed a user-friendly Resume Builder website using React, featuring customizable templates, real-time preview, and PDF download functionality. Implemented robust form handling, seamless navigation with React Router, and data persistence with Local Storage. Utilized CSS Modules for efficient and maintainable styling.

**Expense Tracker using React**

[Link to Demo](#)

Developed a React-based Expense Tracker with local storage. Enabled users to track monthly expenses, view annual overviews, calculate remaining salary, and store data persistently. Enhanced front-end development and data management skills, creating a responsive and user-friendly interface.

## EDUCATION

**B.Tech** at Vignan's Lara Institute of Technology and Science's - Jan 2021 - Jun 2024 (GPA: 7.2)

**12<sup>th</sup>(Senior Secondary Examination)** at Andhra Pradesh State Board – Jun 2018 – Apr 2020 (GPA:9.23)

**10<sup>th</sup> (Secondary Examination)** at Andhra Pradesh State Board – Jun 2017 – Apr 2018 (GPA: 9.7)

## SKILLS

**Technical** : C, Java, Python, JavaScript, HTML, CSS, REST API.

**Framework** : Bootstrap, Node JS, React JS, Express JS.

**Database** : My SQL, Mongo DB.

**Certifications** : Python for Data Science, DSA-Python , CSS, Front-End Development.
